

Statement of Advice

triptorelin pamoate (Salvacyl[®]) 11.25mg powder and solvent for
suspension for injection (No: 796/12)

Ipsen Ltd

04 May 2012

ADVICE: in the absence of a submission from the holder of the marketing authorisation

triptorelin pamoate (Salvacyl[®]) is not recommended for use within NHS Scotland.

Indication under review: reversible reduction of testosterone to castrate levels in order to decrease sexual drive in adult men with severe sexual deviations.

The holder of the marketing authorisation has not made a submission to SMC regarding this product in this indication. As a result we cannot recommend its use within NHS Scotland.

Advice context:

No part of this advice may be used without the whole of the advice being quoted in full.

This advice represents the view of the Scottish Medicines Consortium. It is provided to inform the considerations of Area Drug & Therapeutics Committees and NHS Boards in Scotland in determining medicines for local use or local formulary inclusion. This advice does not override the individual responsibility of health professionals to make decisions in the exercise of their clinical judgement in the circumstances of the individual patient, in consultation with the patient and/or guardian or carer.
